

A Three Day
**"IUCEE-SCALE2018 AP Consortium Regional
Student Workshop"**
**Theme: 21st Century Grand Challenges in
Engineering**
27th-29th September, 2018
Organized by
SRI VASAVI ENGINEERING COLLEGE

[Registration form](#)

Name of the Student : _____

Year & Department : _____

Name of the Institution : _____

Address : _____

Mobile No: _____

Email: _____

Particulars of Cash/Google Pay/DD
(Favour of Principal Sri Vasavi Engg. College, P T Palli)

Name of the Bank :

DD No.& Date :

Signature of the participant

Mr/Ms. _____

is the student of our institute and is sponsored to attend the 3-day workshop on

**"IUCEE-SCALE2018 AP Consortium Regional
Workshop"**
27th-29th September 2018

Signature of the Head of the Institution

Note: Separate registration forms must be Submitted in case multiple participants intend to Attend the workshop.

About Sri Vasavi Engineering College:

Sri Vasavi Engineering College (SVEC) Tadepalligudem sponsored by Sri Vasavi Educational Society was established in 2001. The college is recognized by AICTE and permanently affiliated to JNTUK and a member of APSSDC - IUCEE Consortium AP Chapter. The college is accredited by NAAC with 'A' Grade. Three UG Programs – ME, EEE & CSE are accredited by NBA for 3 years. The college is an Institutional Member of ISTE, CSI and has IETE, IE India and CSI student chapters. SVEC offers B.Tech & M.Tech programs in EEE, ECE, CSE, ME & CE disciplines along with MBA.SVEC bolstered by its highly qualified faculty and A1 state of Accouterments always strives to disseminate Quality education.

Who can Attend :Engineering Students in all streams.

How to Apply:The interested participants have to send scanned copy of filled registration form in the prescribed format duly attested by the head of the institution.

Registration fee per participant : Rs. **500/-**
(Fee includes Lunch, Refreshment & Workshop kit)

Last Date for Registration: 20-09-2018

Selection Intimation: 22-09-2018

Entries must reach:

Dr. U. YEDUKONDALU

Assoc.Professor

Department of ECE

Sri Vasavi Engineering College (Autonomous)

Pedatadepalli, Tadepalligudem - 534101

Email: drykudara@gmail.com

Mobile: +91-9849437940

A Three Day
**"IUCEE-SCALE2018 AP Consortium Regional
Student Workshop"**
Theme: 21st Century Grand Challenges in Engineering
27th -29th September, 2018

CHIEF PATRONS

Sri. G. Satyanarayana, President - SVES
Sri.Ch.V.V. SubbaRao,
Secretary & Correspondent, SVES

PATRONS

Dr.Sri Hari Rao, Director,SVEC
Dr. Guduru. VNSR.RatnakaraRao, Principal, SVEC

ADVISORY COMMITTEE

Dr.Ch.Rambabu,Dean (SA)&HOD-EEE,SVEC
Dr. P.V.V. Rama Rao, Prof. in EEE, Dean (R&D)

CONVENERS

Dr. M. Thamarai, Prof, ECE
Dr. U. Yedukondalu, Assoc. Prof, ECE

Conducted by

S C A L E
Embrace! Empower! Engineer!

Organized by
Sri Vasavi Engineering College
(Autonomous)

(Accredited by NAAC with 'A' Grade)

ABOUT SCALE

It came up as an idea from students belonging to various engineering institutions in India. Together this team came up with an idea to make something more interesting happen for the students wherein they could learn and get more from the regular teachings.

And so was the STUDENT CONSORTIUM for ADVANCEMENT & LEARNING in ENGINEERING EDUCATION (SCALE) made to come into existence. Wherein IUCEE played a major role to support the entire idea. SCALE now also stands as a member of IFEES.

VISION

To foster and establish students as means of transforming pedagogy and praxis of engineering education.

MISSION

To improve engineering education, in tandem with academia and industry, through empowering and fostering students as means of positive change in local societies, imbued with pragmatic efforts aimed at creating holistic value.

“SCALE” in partnership with IUCEE is running with the primary agenda of:

- Achieving a strong and potential student membership, where in students all over the country can network, collaborate and contribute towards engineering education

and development, while carrying forward the ethos of the organization.

- Conduct & implement successful & value creating student oriented workshop.
- Establish a strong collaboration with industry simultaneously, providing a sustainable support to the student community.
- Partner with, and establish stable and potential industry collaborators, to work simultaneously with the students, providing them with hands on technical and industrial support wherever needed.

ABOUT IUCEE

Indo Universal Collaboration for Engineering Education (IUCEE) was conceptualized by over 150 leaders of engineering education and businesses from US and India in 2007. The name was modified in 2016 from Indo US Collaboration for Engineering Education to reflect the more global nature of the collaborations. IUCEE is one of the founder members of IFEES (International Federation for Engineering Education Societies), which was the primary facilitator for the growth and development of IUCEE.

The vision of IUCEE is to improve the quality and global relevance of engineering education and research in India with related benefits to engineering educators around the world. The major focus is on faculty development, student development, curriculum development, as well as improved teaching technologies & engineering education research.

A Three Day “IUCEE-SCALE2018 AP Consortium Regional Student Workshop” 27th -29th September 2018

The Regional Student Workshops is a complete 3-day event designed for engineering students. Participants come together forming teams, working on problem statements & ideas based supported by a Theme & various Tracks, later developing action plans (solutions), which can be implemented providing life size solutions.

With trained facilitators from SCALE. the students get to learn a lot from various activities, debates, brainstorming sessions, discussions and much more. With primary focus on Engineering Education with help of Project Based Learning and Outcome Based Education.

Fun activities are always a part of these amazing workshops. Students later can also be a part of the SCALE Annual Conference and avail lot more opportunities.

Theme & Tracks (2018-2019)

Theme: 21st Century Grand Challenges in Engineering

Track 1: Energy

Track 2: Infrastructure & Development

Track 3: Advanced Personalized Learning

Resource persons:

Eminent SCALE –IUCEE Facilitators from Abroad.
