

Cultivating Mathematical Minds

National Mathematics Day

The Lasting Legacy of Srinivasa Ramanujan Aiyangar at Sri Vasavi Engineering College

The Department of Basic Science and Humanities has been organizing innovative programs related to mathematics every year since 2012 on the occasion of National Mathematics Day to commemorate the birth anniversary of the legendary mathematician Srinivasa Ramanujan Aiyangar in Sri Vasavi Engineering College, Pedatadepalli.

In this connection, conducting various events like quizzes, poster exhibitions, power point presentations, skits, short films, small projects and rubik's cube competitions for Engineering, Diploma B.pharmacy students of Sri Vasavi Engineering College and the students of various outside Institutions.

By conducting such programs related to mathematics for students, many students who are afraid of mathematics are enthusiastically participating in these programs, improving their knowledge in mathematics and achieving good results in mathematics courses.

These annual activities which are being conducted since 2012 for students on National Mathematics Day, the birth anniversary of Srinivas Ramanujan Iyengar, have been consistently yielding great results.

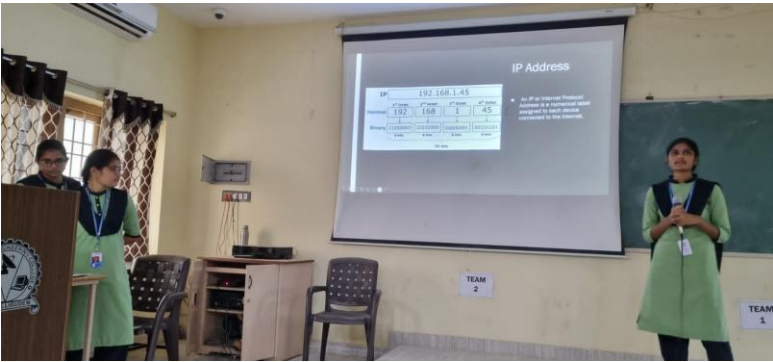

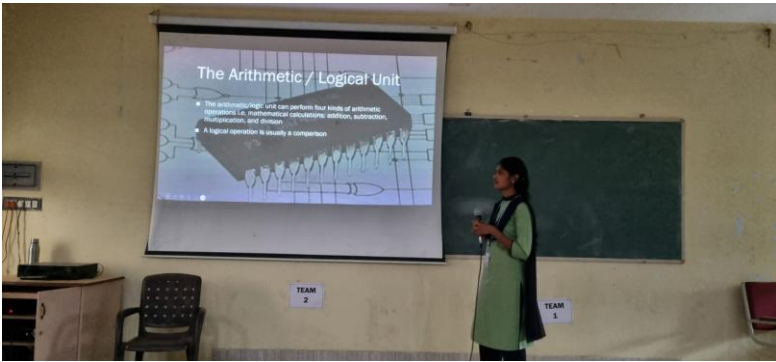

Thank You All
