### Department of Civil Engineering

#### CIRCULAR

Cir No: SVEC/CED/Cir/2023-24/27

Date: 06/10/2023

This is to inform that the department of Civil Engineering organizing a **Guest Lecture on “Air Pollution and Control Methods”** on **07.10.2023 (Saturday)** from **10:00 AM to 12:00 PM** for faculty members of civil, B.Tech V Semester students.

The details of the Guest Lecture are given below

Resource Person : **Dr. Baranidharan S, Asst. Professor, Dept. of Civil Engineering, NIT Andhrapradesh.**

Venue: CAD Laboratory

#### **Lecture Out comes:**

After successful completion of this lecture, the participants will be able to

- \* Discuss the various types of air pollution control equipment and their design principles and limitation (K2).
- \* Apply different methods of pollution control and reduce level of pollutant intensity in atmosphere (K3).
- \* Design the pollution control equipment and their applications (K6).
- \* Understand the basic actions to minimize air pollution prevention and control (K2).

**Head of the Department**

#### **Copy to:**

Civil Faculty, B.Tech V Semester students  
Notice Board,  
Principal for information  
Technical Director for information  
Secretary & Correspondent for information

#### Vision

To be a Department that strives towards quality education, research and consultancy in Civil Engineering.

#### Mission

- To provide broad and high quality education to its students for a successful professional career.
- To serve the construction industry through dissemination of knowledge and technical services to rural community and professionals.
- To inculcate ethics and human values, effective communication and leadership qualities among students to meet the challenges of the society.

Cir No: SVEC/CED/Cir/2023-24/28

Date: 06/10/2023

This is to inform that the department of Civil Engineering organizing a **Guest Lecture on “Analysis of different Structural Elements”** on **07.10.2023 (Saturday)** from **10:00 AM to 12:00 PM** for faculty members of Civil, B.Tech III Semester students.

The details of the Guest Lecture are given below

Resource Person : **Dr. Shaik Mahabu Subhani, Asst. Professor, Dept. of Civil Engineering, NIT Andhrapradesh.**

Venue: 302 Class Room

#### **Lecture Out comes:**

After successful completion of this lecture, the participants will be able to

- \* Understand about the basic structural elements (K2).
- \* Explain the concepts of shear force and bending moment of different beams (K5).
- \* Analyze the key performance of a beam with various loading conditions (K4).
- \* Illustrate the concept of point of contra flexure (K2).
