# EDITORIAL:

A thought that has been enduring in mind when it becomes real, is truly an interesting and exciting experience. This "e-flash" was one such cherished work that had its roots in the persuasion. It would be a snapshot of the various activities and advancements for all associated with EEE Department. This "e-flash" will serve to reinforce and allow increased awareness, improved interaction and integration among all of us. It is in deed a pleasure to see the progress of electrical engineering students at a time when the country is moving ahead with significant development plans in the electrical energy sector. With both great technical and human skills, our students and faculty are unique and standout. This "e flash" will be a medium to provide proper acknowledgement and respect all of these efforts and its results. I wish them all the very best for future endeavors. Proper communication plays a vital role.

# VISION AND MISSION

## VISION

To evolve as a centre of excellence in Electrical and electronics that produces graduates of high quality with ethical values

## MISSION

- To impart technical knowledge through learner-centric education supplemented with practical exposure.
- To provide opportunities that promote personality development through co- curricular and extra-curricular activities.
- To inculcate human values & team spirit that enables the Electrical and Electronics Engineers to face the future challenges.

# PROGRAM OUTCOMES AND PROGRAM SPECIFIC OUTCOMES

PROGRAM OUTCOMES(POS):

PROGRAMME EDUCATIONAL OBJECTIVE(PEOs)

**PE01:** Be the practicing engineers in chosen technical fields such as designing, manufacturing and testing of various electrical systems.

**PE02:** Fulfill the needs of society by solving technical problems in an ethical , responsible and an optimal way.

**PE03:** Demonstrate professionalism through life-long learning.

# Programme Outcomes(POS)

**P01:** Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and concepts of electrical engineering to the solution of complex engineering problems.

**P02:** Problem Analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and electrical.

**P03:** Design/Development of Solutions: Design solutions for complex Electrical Engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

**P04:** Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

**P05:** Modern Tool Usage: Create, select and apply appropriate techniques, resources, and modern Electrical Engineering and IT tools including prediction and modeling to complex Electrical Engineering activities with an understanding of the limitations.

**P06: The Engineer and Society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant

**P07: Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge

**P08: Ethics:** Apply ethical principles and commit to professional ethical and responsibilities and norms of the electrical engineering practice and diverse team and leadership.

**P09: Individual and Team Work:** Function effectively as an individual, and as a member or leader

**P010: Communication:** Communicate effectively on complex Electrical Engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instruction.

**P011: Project Management and Finance:** Demonstrate knowledge and understanding of the Electrical Engineering and Management principles and apply these to ones own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

**P012: Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

# PROGRAM SPECIFIC OUTCOMES(PSOs)

- To contribute for the Development of green energy technologies to meet future energy demands.
- To identify, formulate, design, investigate and operate various electrical systems.

# ROLE OF HONOUR:

**MAHESH JETTI** of 2018-2022 batch won both the Gold medal and also the Silver medal with his excellent performance in the academics.

**DIDDE PREETI** OF 2018-2022 batch won the Silver medal with his excellent performance in the academics.

## GUEST LECTURES:

Guest Lecture on

Topic: " PCB Designing and Modelling using open source easy EDA "

Date:07/01/2022

Resource Person: Sri. Y.Kishore Sahu, Research Scholar, NIT Raipur

Mode of Platform: Online

Students participating actively in guest Lectures

The whole session on PCB design conducted in zoom meetings.

## Guest Lecture on

Topic: " Application of Switchgear Equipment in Thermal Power Plant "

Date: 05/01/2022

Resource person: Er. G. Venu, Assistant Divisional Engineer.

Mode: Online

## Guest Lecture on

**Topic:** “ Research Papers and Project Proposals ”

**Date:** 05/05/2022

**Resource Person:** Dr L. Kumar Sahu,  
Assistant Professor, NIT Raipur.

**Mode of Platform:** Online

Students participating actively in guest lectures

## WORKSHOP ON PLC AUTOMATION

Department has conducted a one week

Workshop on Industrial Automation with PLC By

Organizers: APSSDC, VIJAYAWADA.

Resource Persons: 1. Mr. K. K. Varma, Trainer in APSSDC.

2.Y. Madhu Vamsi, Trainer in APSSDC.

3.Y. Siva Gangadhar Rao, Trainer in APSSDC.

It is a decent stage to encourage understudies that help them to get further understanding

In connection with the same thought, it was a need from Sri Vasavi engineering college students to experience such platform as they were enthusiastic to find out few solutions to overcome some real time automation problems by implementing in their projects

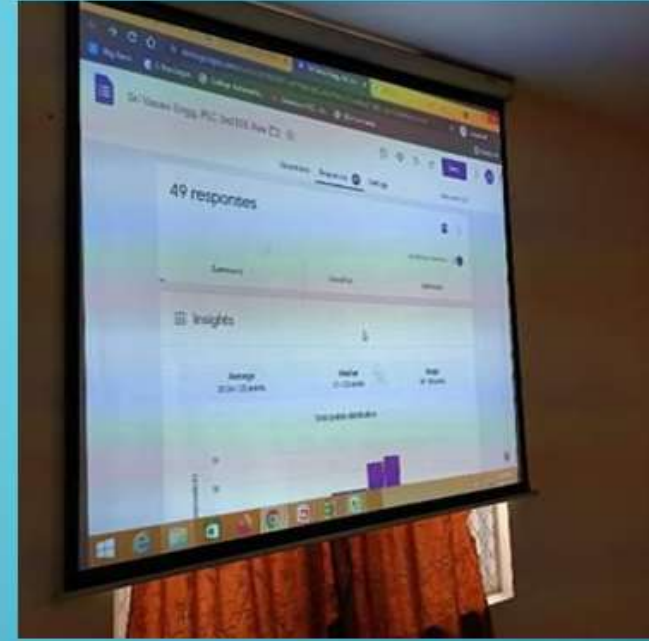

Students participating actively in workshop.

Trainer giving Lecture about PLC

## WORKSHOP ON IOT

Department has conducted a one week

Workshop on IOT by

Organizers: APSSDC, VIJAYAWADA.

Resource Persons: 1. Ms. Mamidi Jyoshitha, Trainer in APSSD  
2. Mr. I. Ravikumar, Trainer in APSSDC.

This program provides an opportunity for participants to enrich their knowledge and skill in developing interfaces of electrical apparatus with IOT

In connection with the same thought, it was a need from Sri Vasavi engineering college students to experience such platform as they were enthusiastic to find out few solutions to overcome some real time automation problems by implementing in their projects

# ELEVATE 2K22(Technical fest):

Engineering is not merely knowing and being knowledgeable; engineering is not merely analysis; engineering is not merely the possession of the capacity to get elegant solutions to non-existent engineering problems; engineering is practicing the art of the organized forcing of technological change. On the occasion of Elevate 2k22 technical fest various activities like Electrical thambola , Brain sparks, Innovate it, Thrill of hunt, Hack the circuit, Arcade zone, presentio, rangoli these are the exciting events that are carried so elegantly and fantabulously by our Lee association of EEE department.

Active involvement of students from second, third and final year students had taken place. Support of the staff in our department is cherished. Organization of these events was done by the final year students which was so effortful. Participation of students with active and innovative thoughts in various events was tremendous.

# EVENTS:

**Dr. Guduru VSNR Ratnakara Rao sir participating in the ARCADE ZONE.**

**Students explaining about their presentation of AI IN POWER SYSTEMS in PRESENTIO.**

**Students actively participating in ELECTRICAL THAMBOLA.**

**Students participating actively in HACK THE CIRCUIT.**

## Students explaining the presentation of BLUE BRAINS in INNOVATE IT.

## Students with their presentation of SOLAR TRACKER in the PRESENTIO competition.

# PRIZE DISTRIBUTION:

# FINAL GLIMPSE OF ELEVATE:

# UGADI UTSAVALU

Subhakritu Nama Samvatsara Ugadhi Celebration  
**@SRI VASAVI ENGINEERING**

## DECORATION HIGHLIGHTS:

**College was decorated with the indeed freshness of the blossoms.....**

# TRADITIONAL EVENTS:

The day started at 9:30 in the morning the college was decorated and filled with freshness of flowers and also the students in the traditional attire made the whole ambience more attractive and the whole day was carried with all the traditional vibes.

# UGADI EVENTS:

The day went well with all the ugadi events like Panchangam, skits, singing and cultural dances.

**SINGING**

**MEHENDI**

**SKIT**

**RAMP WALK**

# THANKS GIVING FEAST

**Better than a thousand days of diligent study is one day with a great teacher. Students show their gratitude towards teachers by giving thanks giving feast. Our college 2018 batch given this thanks giving feast to celebrate those great moments.**

Thanks giving feast initiated by our students by inviting our dignitaries to the stage accordingly.

After the initiation our students performed the beautiful Cultural performance and made the stage and ambiance more beautiful.

**Students addressing their speeches about their experience through out the college and showing gratitude towards teachers with their words.**

**Our HOD MAM addressing students and also dignitaries.**

**President Sri G.SATYANARAYANA  
Garu addressing students.**

**Secretary and Correspondent  
CH.V.V.SUBBARAO Garu addressing

# STUDENTS HONOURING FACULTY MEMBERS:

# FAREWELL FUNCTION

2018-2022

EEE Department organised farewell party "NEVER SAY GOODBYE" in the college at VIVEKANANDA SEMINAR HALL where students of 3<sup>rd</sup> year EEE bid farewell to the outgoing students of Final Year EEE with great enthusiasm.

**President Sri G. Satyanarayana Garu , Secretary Ch.V.V.Subbarao Garu , Principal Ratnakara rao sir , Hod Sudharani mam addressing the students with their valuable speeches.**

**Our college student SURYA PAVAN giving wonderful speeches and remembering wonderful moments of Our seniors.**

**Our college student MAHESH JETTI giving his wonderful speech and showing his gratitude with his words.**

**Our college student giving her wonderful speech and showing his gratitude with his words.**

# GRADUATION DAY

2018-2022

# EVENT DAY:

Our Sri Vasavi Engineering College holds first graduation day after becoming autonomous. Graduation Day of Sri Vasavi Engineering in Tadepalligudem was celebrated in a grand manner on Saturday. Deputy Chief Minister(endowments)Kottu Satyanarayana, who was the chief guest on the occasion, congratulated the new graduates.

He wished those who have stepped out of the portals of academia to real life, to strive and bring glory to the country and the state. "Discipline and good conduct will bring better recognition to you all", he told the students. Success is not easy and hard work to get it should never be forgotten, he advised them.

Speaking on the occasion, JNTU Kakinada registrar Dr L Sumalatha said Graduation day is a great memory in one's life. She said bagging a job at the same time is even better. Our College executive committee chairman and secretary G Satyanarayana Garu and C Subba Rao Garu, principal Dr Ratnakar Rao sir and others also spoke on the occasion. Toppers were presented with gold medals and appreciation certificates.
