Volley Ball (Men) Competition – A Report

The Selection Trails for Volley Ball (Men) was conducted on 15/11/2019.

Schedule of the programme:

Around 20 students of B.Tech., participated in the programme. The winners of the event are selected for the University level competitions.

Volleyball is a dynamic and fast-paced sport played between two teams, each consisting of six players. The objective is to score points by grounding the ball in the opponent's court. With its roots dating back to the late 19th century, volleyball has evolved into a widely popular sport globally, both as a recreational activity and a highly competitive game.
