REPORT ON GUEST LECTURE  
**Basics of Fluid Dynamics**

Address by Mr. P. Gangadhar Venkata Ramana,  
Research scholar from IIT, Kharagpur

View of the gathering

Brief Details about the Programme:

**Basics of Fluid Dynamics**

**9.01.2023 (Monday):** A introductory session of guest lecture series on “**Basics of Fluid Dynamics**” was conducted by the Department of Mechanical Engineering under By Institution Of Engineers (India) – Engineering College Students’ Chapter (Chapter Code No. 534101/SVEC/MC) for the students of B.Tech., III semester “A” & “B” sections on 9.01.2023 (Monday) in the Seminar hall of the ME block. The resource person for the programme is **Mr. P. Gangadhar Venkata Ramana**, Research scholar from IIT, Kharagpur. Around 123 students have participated in this session from 10.00 AM to 11.00 AM and understood the dynamics of inviscid flow.

Mr. D.V.N Prabhakar, Assistant Professor of the department coordinated the event and welcomed the resource person with thanks and introduced him to the students. This is a introductory lecture in the series of 12 lectures to be delivered by him on Dynamics of inviscid flow and boundary layer concepts as a part of Prime Minister’s Research Fellowship (PMRF). The faculty members handing III semester courses Mr. V. Ravi Kumar, Mr. M. Chaitanya and coordinator of IE-ECSC Mr. D.V.N Prabhakar monitored the students during the event. The resource person introduced his guide to the students and briefed about his research area in fluid dynamics and various facilities available at IIIT, Kharagpur. In this lecture, he explained mathematical expressions for Stream line, Path line and Streak lines and stream tube with emphasis on how to analyze these lines by taking images using cameras and softwares. At the end of the session the students interacted with him and get the clarifications for the doubts. The session ended by 11.00 AM with the vote of thanks proposed by the coordinator.

Course content of series of lectures(12 sessions):

## Indian Institute of Technology Kharagpur

12 August 2022, Kharagpur

### TO WHOMSOEVER IT MAY CONCERN

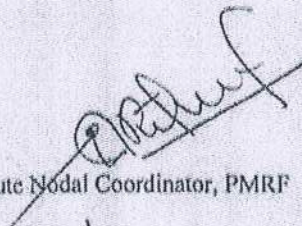

The Government of India offers prestigious Prime Minister's Research Fellowship (PMRF) aimed to attract highly talented students of the country to Ph.D. programs of premier educational institutions including Indian Institute of Technology, Indian Institute of Science, Indian Institute of Science Education and Research, etc. for carrying out cutting edge research in various areas of science and engineering and to promote technology development through innovation. The PMRF scholars are required to teach and share their knowledge with the budding minds of the neighbourhood educational institutions like IIT/Polytechnic/College/University as per the government guidelines (weekly once, 24 hours per semester). IIT Kharagpur has over 150 PMRF scholars and they would like to teach and interact with the students of your institution. We are sure that such knowledge sharing would mutually benefit the students of your institution and our scholars. PMRF scholars of our institute will approach you for teaching and sharing their knowledge. They may be allowed according to the mutual convenience. Their involvement in the teaching may be certified according to the enclosed format in Institutional/departmental letterhead.

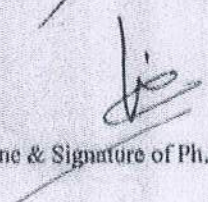

It may be noted that there will not be any financial involvement from your institute in this regard.

Your support is highly appreciated.

This is to bring to your kind notice that we are planning to conduct guest lectures for the students of B.Tech., ~~students~~ under Institution of Engineers (I) - Engineering College Student's chapter, (Chapter Code No. 534101/SVEC/MC) in the Department of Mechanical Engineering in this semester. The resource person is Mr. P. Gangadhara Rao, Research scholar from IIT, Kharagpur and he will deliver lectures on "**Basics of Fluid Dynamics**" for the B.Tech., III semester students in online mode. In this connection, i request you to please give necessary permission to conduct the event for the benefit of the students. Please find enclosed herewith the contents deliverable by the resource person for your kind information.

Thanking you,

## PROGRAM EVALUATION FORM

Please fill out this form and return to the Department. This form is only used to evaluate the quality/value of the trainers.

**Trainer Name:** Mr. U. Uma Maheswara Rao, Research Scholar, NIT, AP

**Skill Oriented Program Name:** Basic Digital Circuit Design with VHDL and QuestaSim Tool

**Date & Time:** 27-03-2023 to 01-04-2023

**Name of the Organisation:** Sri Vasavi Engineering College

**Branch:** ECE

**Name of the Student & Reg. No.:** S.P.V.L. Gayathri & 22A85A0417

- (1) The Trainers communicated at an appropriate level for the course. [ 3 ]
- (2) The Trainers did a good job of relating course concepts to the real world. [ 2 ]
- (3) The Trainers demonstrated a thorough knowledge of the subject. [ 3 ]
- (4) The Trainers were well prepared. [ 3 ]
- (5) The Trainers made the class valuable. [ 3 ]
- (6) Overall, these Trainers were:

1	2	3	4
Average	Good	Superior	Excellent

**Key take away points from this one week Program :**

we learned how to design digital circuits using Questa-sim software.

**Suggestions (if any):**

The humble suggestion from us is to provide a system to each student with respective software so that everyone can learn the software efficiently.

Address by Dr. Sendhil Kumar Natarajan,  
Associate Professor, NIT, Puducherry

**13.03.2023 (Monday):** A guest lecture on “Convective Heat Transfer” was delivered by Dr. Sendhil Kumar Natarajan, Associate Professor, NIT, Puducherry in Seminar Hall (ME block) from 10.00 AM to 11.00PM. The head of the Department Dr. M.V. Ramesh welcomed the resource person, department faculty members and the students of B.Tech., VI & VIII semesters for the event. Afterwards, he introduced the guest speaker to the audience and handed over the session to the speaker. The principal of the institution Dr. G.V.N.S.R Ratnakara Rao, in his speech discussed about the need for research in the area of non conventional sources of energy especially Solar Energy which is freely available in abundance.

In his talk, the resource person introduced about the basic concepts in Convective heat transfer and covered the advanced topics. He has discussed about the real time applications of its use in industry as well as the scope of current research in the area of Solar Energy. He focused on his research publications in the area of development of Solar still and patents. He clarified the queries raised by the students. The students gave their feedback on the lecture. The resource person was felicitated by presenting a memento by the head of the department and the faculty of the department.

## IOT2HACK-2K23

(10th & 11th FEB - 2023)

The Department of Electronics & Communication Engineering is organizing 24 hour task based hardware Hackthon "IOT2HACK-2023". This Hackathon is a good platform for the students to prove their knowledge in IOT based hardware Implementation. The Hackathon is open to all the B. Tech Students and are informed to participate as a team. In this, Students can implement any one of the Problem Statement in the given IOT USE Cases. During the Program, the students need to implement their ideas as a finished project. The Required hardware components will be provided by the Department.

All students are invited to participate and showcase their skills in implementing the innovative ideas and win the cash Prizes.

To Recollect your Knowledge and to gain some new ideas, Two day Workshop will be conducted Prior to the Hackathon on 8th & 9th FEB 2023. All the students can utilize the Technical facilities provided by the Department.

### GUIDELINES

1. Everyone must treat all team members, competitors, judges, volunteers, etc, with respect and courtesy, abiding by the rules.
2. Team size will be a 4 or 5 students and must be registered via the given google form link.
3. Teams should be made up exclusively of students who are not organizers, volunteers or in any other privileged position at the event.
4. All team members should be present at the event.
5. Students are required to implement any one of the Problem Statement in the mentioned IOT USE Cases
6. The idea of team can be slightly changed by the organizers, volunteers, based on availability of hardware components and other reasons.
7. The Event Starts at 10.a.m at Day 1 and Ends at 10 a.m Day 2.
8. Teams can use libraries, frameworks, or open-source code in their projects.
9. Teams must stop hacking once the time is up. However, teams are allowed to debug and make small fixes to their programs after time is up.
10. Teams can be disqualified from the competition at the organizers' discretion. Reasons might include but are not limited to breaking the Competition Rules, behaving in a way that violates the code of conduct or other unsporting behavior.

### REGISTRATION:

- The Registration Process for IoT2HACK-2K23 will be through link provided.
- The participants have to register as a Team.
- The Registration fee per head is 300/-

## Six days Skill Oriented Course – 2 (CFD using Ansys Fluent software) – A Report

Technical Session by Mr. P. Gangadhar Venkata Ramana

Practice session of students during workshop

**02.05.2023 (Tuesday):** A workshop on “Computational Fluid Dynamics (CFD) using ANSYS Fluent software” as Skill oriented Course (SOC-2) was conducted by Mr. P. Gangadhar Venkata Ramana, Research Scholar, IIT, Kharagpur during 02-05-2023 to 06-05-2023 in CAD Laboratory from 9.30 AM to 4.30 PM. 124 students of B.Tech. IV semester attended the workshop and learnt the Ansys fluent software by hands on practice. The head of the Department Dr. M.V. Ramesh in the inaugural session, welcomed the resource person, participants of the workshop for the programme. He introduced the trainer to students; in his speech he stressed the need for learning advanced softwares and the placement opportunities in the industry for the students. Afterwards, he handed over the session to the speaker.

In his talk, the resource person introduced about the research activities at IIT, Kharagpur in Aerospace Engineering division. He explained the concepts related to application of ANSYS Fluent software for the design of aerofoil structures etc., The training programme is conducted in 2 sessions, all the five days. In the FN session, from 9.30 AM to 12.30 PM, 64 students of ‘A’ section attended the training programme and in the AN session from 1.30PM to 4.30PM, 60 students of ‘B’ section attended the training programme. During the practice session, after the explanation of concepts, the resource person clarified the queries raised by the students.

Sub: Request for permission to conduct Skill oriented course (SOC) for the students – Reg.

Respected Sir,

As a part of V20 regulations, it is mandatory for the B.Tech. IV semester students of Mechanical Engineering to undergo Skill Oriented Course (V20SOC02). We are planning to organize training on commercial Computational Fluid Dynamics (CFD) software Ansys Fluent from 02.05.2023 (Tuesday) to 06.05.2023 (Saturday) by Mr. Gangadhar Venkata Ramana. P, Research scholar, IIT, Kharagpur for 5 days. I request you to please give us permission to conduct this course. The content offered during the CFD course is enclosed herewith for your kind information.

Thank you sir,

Yours faithfully,

## REPORT ON ONE WEEK WORKSHOP ON **PRODUCT DESIGN USING CATIA**

Inauguration by Dr. M.V.Ramesh HoD

Practice Session by Mr. D. Rambabu

### Brief Details about the Programme:

#### Product Design using CATIA (Skill Oriented Course-I)

One week workshop on “Product Design Using CATIA” was conducted by the Department of Mechanical Engineering under **INSTITUTION OF ENGINEERS (INDIA)– ENGINEERING COLLEGE STUDENTS’ CHAPTER** for the students of B.Tech., III semester “B” section during **02.01.2023 (Monday) to 07.01.2023 (Saturday)** at CAD/CAM lab of Mechanical Engineering Department . Around 59 students have participated in this Workshop and understood the product design using CATIA software. They practiced the various Mechanical Engineering components using different modules namely sketcher, part, assembly and drawing.

**02.01.2023 (Monday) Inaugural session (10.00AM):** Mr. M.V Ramesh, Professor & HoD welcomed the dignitaries, faculty members of the department of mechanical Engineering and student participants to the event. While delivering his opening remarks he conveyed his heartfelt thanks to the management, Principal for the support and permission to conduct this event. He thanked the coordinators of the event Mr. V. Ravi Kumar and Mr. M. Chaitanya for their efforts. In his speech he explained that the students should have exposure to such hands on practice workshops to learn and visualize the products in 3D.

The technical session started from 10.15 AM onwards in two sessions per day for one week. The students were given practice session after explaining the modeling for one hour in each session.

#### **The contents of the Workshop are:**

1. 02.01.23 : Introduction to CATIA software & Interface of the software
2. 03.01.23 : Introduction to sketcher workbench, sketch creation, modifications, constraining
3. 04.01.23 : Introduction to part design, creating 3D models from 2d sketches
4. 05.01.23 : Creating 3d models by following correct tree structure, Boolean operations, applying the draft analysis to created models
5. 06.01.23 : Introduction to assembly, creating assembly for the 3d models
6. 07.01.23 : Introduction to drafting, creating drafting to the 3d models.

## REPORT ON ONE WEEK WORKSHOP ON **PRODUCT DESIGN USING CATIA**

Inauguration by Dr. M.V.Ramesh HoD

Address by Dr. M.V.Ramesh HoD

### Brief Details about the Programme:

#### Product Design using CATIA (Skill Oriented Course-I)

One week workshop on “Product Design Using CATIA” was conducted by the Department of Mechanical Engineering under **INSTITUTION OF ENGINEERS (INDIA)– ENGINEERING COLLEGE STUDENTS’ CHAPTER** for the students of B.Tech., III semester “A” section during **26.12.2022 (Monday) to 31.12.2022 (Saturday)** at CAD/CAM lab of Mechanical Engineering Department . Around 64 students have participated in this Workshop and understood the product design using CATIA software. They practiced the various Mechanical Engineering components using different modeules namely sketcher, part, assembly and drawing.

**26.12.2022 (Monday) Inaugural session (10.00AM):** Mr. M.V Ramesh, Professor & HoD welcomed the dignitaries, faculty members of the department of mechanical Engineering and student participants to the event. While delivering his opening remarks he conveyed his heartfelt thanks to the management, Principal for the support and permission to conduct this event. He thanked the coordinators of the event Mr. V. Ravi Kumar and Mr. M. Chaitanya for their efforts. In his speech he explained that the students should have exposure to such hands on practice workshops to learn and visualize the products in 3D.

The technical session started from 10.15 AM onwards in two sessions per day for one week. The students were given practice session after explaining the modeling for one hour in each session.

#### **The contents of the Workshop are:**

1. 26.12.22 : Introduction to CATIA software & Interface of the software
2. 27.12.22 : Introduction to sketcher workbench, sketch creation, modifications, constraining
3. 28.12.22 : Introduction to part design, creating 3D models from 2d sketches
4. 29.12.22 : Creating 3d models by following correct tree structure, Boolean operations, applying the draft analysis to created models
5. 30.12.22 : Introduction-to assembly, creating assembly for the 3d models
6. 31.12.22 : Introduction to drafting, creating drafting to the 3d models.

## REPORT ON GUEST LECTURE

# Thermodynamics and its Applications for Mechanical Engineers

Address by Dr. E Elavarsan, Assistant Professor.

### Brief Details about the Programme:

### Thermodynamics and its Applications for Mechanical Engineers

**15.12.2022 (Thursday):** A guest lecture on “**Thermodynamics and its Applications for Mechanical Engineers**” was conducted by the Department of Mechanical Engineering under By Institution Of Engineers (India) – Engineering College Students’ Chapter (Chapter Code No. 534101/SVEC/MC) for the students of B.Tech., III semester “A” & “B” sections in online mode on 15.12.2022 (Thursday). The resource person for the programme is Dr. E Elavarsan, Assistant Professor, Department of Aerospace Engineering, Sri Jagadguru Chandrashekaranaatha Swamiji Institute of Technology, Chikballapur, Karnataka. Around 111 students have participated in this session from 2.00 PM to 3.00 PM and understood the applications of thermodynamics for Mechanical Engineers.

Dr. S.S.R Kousik, Assistant Professor, coordinated the event and welcomed the resource person with thanks for accepting the invitation, introduced him to the students. The faculty members handling III semester courses Mr. V. Ravi Kumar, Mr. M. Chaitanya and coordinator of IE-ECSC Mr. D.V.N Prabhakar monitored the students during the event. The resource person in his lecture discussed various interesting topics related to thermodynamics and applications. At the end of the session the students interacted with him and get the clarification for the doubts. The session ended by 3.00 PM with the vote of thanks proposed by the coordinator.

Various topics covered in the presentation are :

1. Fundamental concepts
2. Microscopic and macroscopic approach
3. Thermodynamic system
4. Properties of systems
5. Types of thermodynamics systems

6. Types of process

7. Types of equilibrium

8. Laws of thermodynamics

9. Applications of thermodynamics for Mechanical Engineers

**(Attention: All the B.Tech. III Semester A & B students)**

This is informed to the students of B.Tech., III semester 'A' & 'B' section that under Institution of Engineers (I) - Engineering College Student's chapter, a guest lecture on "**Thermodynamics and its Applications for Mechanical Engineers**" is scheduled on 15.12.22 (Thursday) from 2.00 PM to 3.00 PM in online mode using google meet platform. The resource person is Dr. E Elavarsan, Assistant Professor, Department of Aerospace Engineering, Sri Jagadguru Chandrashekaranaatha Swamiji Institute of Technology, Chikballapur, Karnataka.

All the students are instructed to join at least 10 minutes before the scheduled time. All are advised to maintain discipline during the lecture by keeping mute option on. You will be allowed to unmute yourself by the coordinators for the clarification of your doubts only at the end of the session.

**Vision**

- ❖ To be recognized globally as a place for quality education and research that produces well qualified, innovative and entrepreneurial mechanical engineers.

**Mission**

- ❖ To impart quality education and develop competitive spirit with due consideration for ethical, ecological and economic issues.
- ❖ To develop linkages with world class R & D organizations and educational institutions in India and abroad for excellence in teaching research and consultancy practices.

Brief Details about the Programme:

**Disassemble And Reassemble Of Multi Cylinder Engine With Inline Pump**

**27.09.2022 (Tuesday):** Two day workshop on “Disassemble and Reassemble of Multi Cylinder Engine with Inline Pump” was conducted by the Department of Mechanical Engineering under FAME (Fabulous Association of Mechanical Engineers) for the students of V semester B.Tech., “B” section on 27.09.2022 (Tuesday) at Seminar Hall of Mechanical Engineering Department (Ground Floor). Around 58 students have participated in this Workshop and understand the safe industry practices and various tools used for the engine maintenance of Multi cylinder Engine.

***Inauguration – 10:00-10:10 (AM)***

**Mr. M.V Ramesh**, Professor & HoD welcomed the dignitaries, faculty members of the department of mechanical Engineering and student participants to the event. While delivering his opening remarks he conveyed his heartfelt thanks to the management, Principal for the support and permission to conduct this event. He thanked the coordinators of the event Mr. B. Swapna Babu and Mr. D.V.N Prabhakar for their efforts. In his speech he explained that the students should have exposure to such workshops to understand the concepts in better way. He mentioned that the construction of engine is complex and after this workshop the students will be able to know each and every part of engine.

**Dr.G.V.N.S.R Ratnakara Rao**, principal advised the students to update themselves to the changing needs of industry and learn computer courses relevant to the Mechanical Engineering. He stressed upon improving the communication skills, software skills and technical skills. He informed that learning by doing approach is more useful for better understanding of theoretical concepts.

**10.10 AM – 11.00 AM:** The theory session on operation of IC engines was taken by the faculty handling the course (IC Engines and Air Compressors) Mr. B. Swapna Babu. He explained about

the engine operation and components using PPT presentation.

**11.00AM – 1.00PM:** Under the guidance of the engine mechanic and faculty members, the students had hands on practice of dismantling of engine and understood the various parts of the engine.

**2.00 PM – 4.00 PM:** During the reassembly the students raised queries and get them clarified. The students expressed that this session was very useful for them and they asked the organizers to conduct such hands on workshops in coming semesters also.

**28.09.2022 (Wednesday) :**

**10.00AM – 4.00PM:** Nearly 65 students of V sem “A” section disassembled and reassembled the engine.

**4.00PM – 4.30PM:** The valediction function was conducted and students have expressed their views on the workshop. They felt happy and satisfied with this kind of workshop.

## ABOUT COLLEGE

"Sri Vasavi Engineering College" is established in the year 2001 by "Sri Vasavi Educational Society" with a desire to share the responsibilities of the society for the development of quality Technical Education. The college is situated at Pedatadepalli, a peaceful and pollution-free location, 5 km away from the main town Tadepalligudem, West Godavari District. The town is well known as the commercial hub of Coastal Andhra Pradesh and is well connected by road (NH16) and rail (Chennai to Kolkata). The college has a sprawling campus of 25.02 acres surrounded by green fields and coconut groves. The college, shaping its students into disciplined young citizens of good character and culture lays emphasis on practical experience so as to enable them industry ready. The college is recognized by AICTE and permanently affiliated to JNTU Kakinada and also recognized by UGC under section 2(f) & 12(B). The College got UGC Autonomous in the year 2018. The college offers UG, PG and Diploma Programs in Engineering (EEE, ECE, CSE, ME & CE, CST and ECT) along with MBA. The college is accredited by NAAC with "A" Grade. UG Programs offered by the departments of EEE, ME, ECE & CSE are accredited by NBA.

## ABOUT THE DEPARTMENT

The Department of Mechanical Engineering is established in the year 2010 with an intake of 60 students and enhanced to 120 in 2012. The graduate program in Mechanical Engineering is intended to develop individual initiative, creativity, talent, leadership and the capability to develop, follow and adopt new technologies in the field of Mechanical Engineering. The department strives hard to impart quality education and to keep the students on the competitive edge of the present-day technology. M.Tech programme with specialization in Machine design was started in the year 2013, and specialization in Thermal Engineering in 2020.

## OBJECTIVES

- To familiarize the students with various parts of the engine.
- To provide hands on session for the students on maintenance of the engine.

Tentative Schedule

Date & Day	TIMINGS	TOPIC
27.09.2020 (TUESDAY) & 28.09.2020 (WEDNESDAY)	10:00 AM – 10:10 AM	Opening remarks by the coordinator /HoD
	10:10 AM – 11:00 AM	Theory of operation on I.C Engines by B. Swapnababu / G. Veera Subhash
	11:00 AM – 1:00 PM	Disassemble of the Multi cylinder Engine with inline pump
	1:00 PM – 2:00 PM	Lunch Break
	2:00 PM – 4:00 PM	Reassemble of the Multi cylinder Engine with inline pump
	4:00 PM – 4:30 PM	Valedictory function

**Outcomes:** After completion of Workshop, the participants will be able to:

- Understand various parts of a multi cylinder engine (K1).
- Identify various fasteners and use appropriate automotive tools (K2).
- Practice proper disassemble and reassemble methods of engine maintenance (K3).
- Demonstrate safe shop practices (K3).

**Sub:-**Requisition for sanction of 8000/- as remuneration to technicians of outside Service station – Reg.

\*\*\*

This is to bring to your kind notice that under FAME (Fabulous Association of Mechanical Engineers) in the Department of Mechanical Engineering, we had conducted **Two days hands on Practice session on “Disassemble and Reassemble of Multi cylinder Engine with inline pump”** for the B.Tech., V semester students on 27.09.2022 (Tuesday) & 28.09.2022 (Wednesday). In this connection, i request you to please sanction an amount of 8000/- (Rupees eight thousand only) as servicing & maintenance charges of TATA 407 multi cylinder (4 nos.) engine for technicians. This is for your kind information and necessary further action.

Thanking you,

Yours sincerely

**Name of the Organizing Institution :** Sri Vasavi Engineering College

**Name of the Workshop:** Disassemble and Reassemble of Multi cylinder engine with inline pump

**Names of the Trainers :** Mr. Vara Prasad / Mr. Chinna

**Date & Time :** 27.09.2022 & 28.09.2022

- (1) Have you understood various parts of a multi cylinder engine. [4]
- (2) Are you able to identify various fasteners and use appropriate automotive tools. [4]
- (3) Have you practiced proper disassemble and reassemble methods of engine maintenance. [4]
- (4) Are you able to follow/demonstrate safe shop practices. [4]
- (5) Overall, this Practice session was: (put tick ✓)

### Two days Industrial Visit on 02<sup>nd</sup> & 03<sup>rd</sup> November 2022 – A Report

#### Organized under FAME (Fabulous Association of Mechanical Engineers)

A two days industrial Visit was conducted by the Department of Mechanical Engineering under FAME (Fabulous Association of Mechanical Engineers) on 02<sup>nd</sup> & 03<sup>rd</sup> November 2022 to Sri Sailam Right Bank Power house for the students of A & B sections of VII semester B.Tech., This Dam construction was started in 1960 and completed in 1981 and this is second largest working capacity hydroelectric station in the country.

**Schedule of Industrial Visit :** 48 students along with 3 senior faculty members visited the Srisailam Hydel Power project. The students started from college campus by 10.00 PM on 01-11-2022. The bus reached Srisailam on 02-11-2022 by 7.00 AM. The visit to Right bank power house started by 11.00AM on the same day and the incharge of the section assigned a plant engineer for guiding the students in the industry and the visit completed by 3.00 PM. The plant is maintained in 3 floors. In 1<sup>st</sup> floor the penstock section and in 2<sup>nd</sup> floor governor mechanism and in the third floor generator division is present. The capacity of the unit is 770 MW from 7 turbines of each producing 110 MW. The Francis turbine is used for the power generation. On 03-11-2022 students started from srisailam by 7.00AM and visited Kondaveedu Fort on the way to Guntur. The visit completed on the next day (04-11-2022) in the college by 6.00AM. The students have understood the construction and working of the turbines and the generation of power in Hydel power plant.

Respected Sir,

Sub: Request for permission to visit Srisailam right bank power house - reg.

The Sri Vasavi Engineering College aims to establish a system of Quality Assurance on a continuous basis to evaluate & monitor the quality education and training being imparted by the institute to improve teaching learning process.

As a part of the curriculum, our students are expected to visit prominent industry/company of repute for practical exposure and insight into real working environment. At this juncture, we would like to send our students of B.Tech., VII Semester (100 nos.) of Mechanical Engineering and Four faculty of the same Department to visit Srisailam right bank power house on 02<sup>nd</sup> November, 2022.

We request you, to kindly accord the necessary permission to visit your right bank power house and arrange for guiding our students. Your positive response in this regard will be highly appreciated.

Thanking you,

With regards

Yours Sincerely
