#### Suggestions (if any)

- 1)As I know Vasavi already focuses on programming in their curriculum to non It branches. It is good to motivate and create more awareness to students on programming side as well to improve and get stand in all ways.
- 2) Motivating students to submit their innovative ideas (IR) and working towards to get patents for those ideas. It would be better if every student try to submit at least one idea for patent and one paper submission per year in their curriculum.
- 3) Providing more guest lectures/ alumni talks on industry oriented topics to the students will give a better clarity to them on current scenario of the professional world.
- 4) Finally Health is wealth,so As we have a good campus with playground and sports complex, make sure our students to utilise all facilities in a better way.
