Any suggestions for improving the Curriculum

2We students and some of our faculty feel present (V20) Curriculum is outdated and doesn't suit the industry needs and technological advancements. In my opinion few subjects in 1st year Curriculum like Engineering Physics, Engineering Chemistry, EWS Lab, Engineering Graphics, Environmental Studies were complete irrelevant to our Computer Science/IT carrier and further Interviews/Placements. So I request Respected Head of Department to make these points into note and make upgradations in Curriculum for upcoming batches.
