Brief Report of the Event:

As the world is gripped by the Covid pandemic we are witnessing an incredible process of the global community coming together to address a crisis that affects all of us. So what can you do if you are stuck at home but itching to do something positive for the environment? We NSS UNIT Sri Vasavi Engineering College came up with an initiative called vruksha sethu bridge of plants to do something positive for the environment during this pandemic. NSS, Sri Vasavi is calling up for a social media challenge in the hashtag of vruksha sethu. This is to everyone to plant green and pass over the challenge uniting the student community. Why vruksha sethu? To sustain nature which we have been contaminating. To deal with the drought of pure breathing air. To green environment keeps health pink. To feel the pleasure of clean environment. Studies have shown that spending short amounts of time in forests seems to benefit the immune system. Students and general public enthusiastically participated in this well-caused programme.

COURSE OUTCOMES

	After successful completion of the course, students will be able to	Knowledge Level
CO1	Distinguish the subtle meanings of various words in different contexts, recognize similar words as well as words with contrast meanings and use them appropriately.	K2
CO2	Interpret the passage using different strategies and answer the questions with ease.	K3
CO3	Compare different pairs of words and draw analogy between the words. Choose an appropriate word to make a sentence meaningful.	K4
CO4	Recognize the easiest and best possible way of solving problems in the area of Number and Letter Series, Analogy, Classification, Coding & Decoding Symbols, a Ranking and Analytical Reasoning.	K1
CO5	Investigate the different types of logics involved in Mirror and Water Images, Logical Reasoning & Arithmetical Reasoning.	K4
CO6	Find the common traps in the questions and errors likely to be made from the concepts of Blood Relations, Directions, Average, Clock and Calendar, Data Sufficiency, Permutations-Combinations and Probability.	K3

SYLLABUS

UNIT – 1

Vocabulary – 500 words – Meaning – contextual Usage - Prefix – Suffix – Root words Synonyms - Antonyms- Para jumbles – Strategies – Directional words – central theme

UNIT – 2

Sentence completion

Strategies – Cause and effect signals – support signals – contrast signals

Writing skills –

Email writing– Types -- Dos and Don'ts- Paragraph writing- Essay writing
Fabrication of a story based on the context.

UNIT – 3

Analogies

Strategies - Create a general sentence - Use the correct part of speech - Beware of homonyms -Recognize common relationship types.

Reading Comprehension

Strategies– skimming – scanning – predicting – identifying the central idea – questioning – making inferences

UNIT - 4

Number And Letter Series, Coding & Decoding, Analogy, Classification & Ranking. (K1)

Problems of how to find the next number in the series, Finding the missing number and related sums, Sums related to Classification, Sums related to letter series, Relation between number series and letter series, Finding odd one out from groups, Identify the rank in different places.

UNIT-5

Problems On Ages & Numbers, Mirror And Water Images, Logical Reasoning & Arithmetical Reasoning.(K4)

Definition and concept of Venn Diagram – its applications. statements – Affirmations, Denials and Contradictions. Sums related to Ages & numbers. Problems on ages with different logics. Identifying the images of water and Mirror.

UNIT-6

Blood Relations, Directions, Average, Clock And Calendar, Data Sufficiency, Permutations Combinations And Probability.(K3)

Deriving the formula to find the angle between hands for the given time, History of calendar-, Finding the day for the given date, Problems related to directions. Difference between words Permutation and Combinations – Various cases - Real Time Scenarios. Concept of Probability – - Conjunctions – Rules & Cases of Probability.
