Inception of an Annual “Engineering Excellence in EEE” Award

Instituted by 2003-07 EEE Batch Students

Dear Management,
Sri Vasavi Engineering College,
Pedatadepalli, Tadepalligudem,
West Godavari District,
Andhra Pradesh 534101, India

Subject: Letter of introducing a new annual merit award titled “Engineering Excellence in EEE” for the highest GATE (Graduate Aptitude Test in Engineering)-ranked EEE student.

To encourage and motivate the next generation of Electrical Engineers to pursue their career in respective fields, and to promote the importance of GATE for core engineering students, we the 2003-07 B.Tech EEE Students’ batch of Sri Vasavi Engineering College are proud to introduce a new annual merit award titled “Engineering Excellence in EEE” for highest GATE-ranked EEE student.

GATE is a highly competitive exam that evaluates the knowledge and skills of engineering and science graduates in India. It is a mandatory requirement for admission to postgraduate programs in engineering, as well as for securing jobs in various public-sector organizations. Therefore, clearing the GATE exam is a significant accomplishment that requires hard work, dedication, and a deep understanding of engineering principles. Thus, we have created this award to recognize and celebrate the achievement of an individual who achieved the highest rank in this gruelling exam.

We believe that this award to the highest rank candidate in GATE is a worthy pursuit, which is an excellent way of recognizing and rewarding the exceptional academic accomplishment of a young individual, which can inspire others towards attempting the GATE examination. In addition to acknowledging the efforts of the top-ranking candidate, this award can create healthy competition among students, increase their motivation to excel in academics and inspire them to strive for excellence. It can also highlight the importance of GATE as an essential gateway to successful engineering careers.

The award includes a certificate and a cash prize of 10,000 INR. Every year, this award will be presented at a special ceremony as decided by the Department/College.

Finally, we thank the opportunity and continued support given by the management of Sri Vasavi Engineering College to encourage our Electrical Engineering, which is one of the prime pillars of success of any Country.

Sincerely,
2003-07 B.Tech EEE Students’ batch
